Your Honor,

August 13, 2009

I am requesting that my *In forma pauperis* application be reviewed with emergency, as I have submitted a *Preliminary Injunction* that needs to be looked at soon.

Presently, the defendant is planning to allow large scale flu vaccinations on the American public. The court papers I filed include factual evidence showing these flu vaccines contain thimerosal mercury, and if given to the public on such a large scale, will cause an increase in the number of autism cases in our country. My court papers also show there is a profit motive pushing a bogus flu pandemic.

I do hereby swear and attest that everything on my *In forma pauperis* application is true and factual. I am honest and of good moral character. To help further show this, I am submitting a copy of a nice, hand-signed letter I received from the Chairman of the Joint Chiefs of Staff at the Pentagon commending me, and the moral manual the general refers to in his letter.

If I am not granted *In forma pauperis* today, enclosed is my check for \$350.

If I am granted *In forma pauperis* today, my check for \$350 can be returned to me along with the Summons in the enclosed envelope.

Thank You,

Tim Vawter, pro se
